

**REMARKS****Remark 1:**

Applicant submits the amendments to the claims render the claims more definite. Applicant submits the claims are allowable and urges the Examiner to further consider the following remarks.

**Remark 2:**

Applicant submits that the amendment to the SPECIFICATION serves merely to correct a minor typographical error in the APPLICATION as filed. As indicated, the present APPLICATION is a Continuation-In-Part of U.S. Patent Application Serial No. 09/207,397 filed Dec. 8, 1998, entitled LIQUID EMANATOR DEVICE TO DELIVER SELF-SUSPENDING INSECTICIDE DROPLETS.

**Remark 3:**

Applicant submits that the amendments to the claims contained herein reflect the substance of the Examiner's Interview held June 8, 2006 with Applicant's attorney.

**Remark 4: (NO NEW MATTER)**

Applicant submits that the corrections presented herein present no new matter. All of the devices, systems, methods and/or compositions claimed herein are taught in the Drawings, Specification, Claims and Abstract and other portions of the Application as originally filed.

**Remark 5: (REQUEST FOR TELEPHONIC OR IN-PERSON EXAMINER'S INTERVIEW)**

Applicant hereby invites and requests the Examiner to attempt to resolve any further defects, deficiencies, errors or other grounds of rejection or objection to the present application, either on a formal or informal basis, by Telephonic or In-Person Examiner's Interview under 37 CFR 1.133 (see also

### CONCLUSION

Applicant respectfully submits that for all the foregoing reasons, the claimed subject matter describes patentable invention. Furthermore, Applicant submits that the specification is adequate and that the claims are in a condition for allowance. No new matter has been entered.

Applicant hereby respectfully requests Examiner to enter these amendments, find them descriptive of useful, novel and non-obvious subject matter, and authorize the issuance of a utility patent for the truly meritorious, deserving invention disclosed and claimed herein.

Without further, Applicant does not intend to waive any claims, arguments or defenses that they may have in response to any official or informal communication, paper, office action, or otherwise, and they expressly reserve the right to assert any traverse, additional grounds establishing specificity and clarity, enablement, novelty, uniqueness, non-obviousness, or other patentability, etc.

Further, nothing herein shall be construed as establishing indirectly the basis for any prosecution history, file wrapper estoppel, or similar in order to limit or bar any claim of infringement of the invention described herein, either directly or under applicable doctrine of equivalents.
